

# DIY Kit: Stud sensor Kit

Don't have x-ray vision? You won't need it when you use our handy stud sensor. Save your walls from unnecessary holes and look like a professional when you hang true every time. For more projects to hang on your walls check 690 Building & construction, and 643.7 Renovation, improvement, remodelling.

## **This kit contains:**

- 1 Zircon stud sensor
- 1 9 volt battery (in stud sensor)
- 1 spirit level
- 1 Fuller measuring tape
- 2 Instruction cards
- 1 display card
- 1 small toolbox

## **Care Instructions:**

Read the enclosed instructions before use

## **Disclaimer:**

Hamilton City Library's Membership terms and conditions apply when you borrow this kit. These are available from the issue desk.

When you borrow this kit, you are responsible for:

- returning it by the due date, clean and in the same condition as when you borrowed it; and
- any loss, theft or damage that occurs to the kit while it is on loan to you (ask at the issue desk for a price list of the items included in this kit); and
- reading and following any instructions included with this kit; and
- using all the items in this kit in a safe and proper manner, and only for the purposes for which it is intended and/or as set out in the instructions.

To the fullest extent permitted by law, Hamilton City Libraries assumes no responsibility or liability for any injuries, damage to self, others or property as a result of any use or reliance on the kit you have borrowed. Nothing in this disclaimer is intended to limit your rights under the Consumer Guarantees Act 1993.

If you discover a fault with the kit or if it is damaged, please stop using the kit immediately and bring it back to the nearest Hamilton City Library.

Thank you
